NDLR still very third level in my opinion #edchatie

06-Jun-11 19:48 | donenda

RT @conpower: #edchatie <http://www.ndlr.ie/> never did much to develop this at second level - awful shame <- I agree, but teachers could use?

06-Jun-11 19:48 | fboss

RT @fboss: @magsamond And here it is: Joe's non-netbook: <http://bit.ly/8Cqb6> #edchatie

St. Fintinas Longwood using EdCo textbooks on Fizzbooks Anyone know if they are interactive? <http://ly/hnCURC> #edchatie

06-Jun-11 19:48 | higma

#edchatie we've got our 1st laptop trolley (16) will give opportunity to try digital textbook options in Sept

06-Jun-11 19:48 | ConnollyTrevor

#edchatie NDLR has informal links with NCTE over the years but licencing issue cropped up as NDLR tied in with UK version. I offered some ..

06-Jun-11 19:48 | johnmayo

@evelynoconnor #edchatie There are some good PDFs etc from SLSS - PDFs are good too - dosen't always have to be fancy stuff

06-Jun-11 19:48 | conpower

#edchatie would "interactive" apps take away tangible interaction of curricular activities. Will students just want to look at screens??

06-Jun-11 19:48 | IanFleming1

very good thread on this topic over at CESI list, well worth a look (after #edchatie of course) <http://bit.ly/kT7gGF>

06-Jun-11 19:47 | magsamond

@magsamond #edchatie Its good alright, just think it could have been great !!

06-Jun-11 19:47 | conpower

#edchatie <http://www.ndlr.ie/> never did much to develop this at second level - awful shame

06-Jun-11 19:46 | conpower

@eilisoh #edchatie They have: the NDLR - it was never properly marketed so no one knows about it

06-Jun-11 19:45 | conpower

#edchatie Grid for learning has many interactive resources - could Dept of Ed invest to produce Irish curricular materials?

06-Jun-11 19:45 | eilisoh

#edchatie Hodder it is :-) Thanks

06-Jun-11 19:45 | johnmayo

#edchatie opps! I meant customize

06-Jun-11 19:44 | Reve111

#edchatie @donenda @johnmayo gonna pop down to the school this week to chat to the principal. fascinated by his bravery.

06-Jun-11 19:44 | evelynconnor

@NL_84 exactly!! It's a difficult situation. #edchatie

06-Jun-11 19:44 | IanFleming1

#edchatie . Push, pop, press are creating a publishing platform which allows quick and easy creation of compelling interactive e-books.

06-Jun-11 19:44 | SabineMcKenna

RT @Reve111: #edchatie Anyone tried this: Customize free digital text books at <http://www.ck12.org/flexbook/> #edchatie

06-Jun-11 19:44 | donenda

#edchatie Give it until next year and reasonably priced Android tablets will be where it's at with Ebooks

06-Jun-11 19:44 | conpower

#edchatie was supposed to be integrated in Office 12 (2010) but I'm not seeing it come through my feeds or twitter so ????

06-Jun-11 19:44 | johnmayo

RT @fboss: Curric set by DES & NCCA w/ consultation w/ teachers & interested parties not by textbook publishers #edchatie ~v powerful tho

06-Jun-11 19:44 | levdavidovic

#edchatie Anyone tried this: Customize free digital text books at <http://www.ck12.org/flexbook/>

06-Jun-11 19:44 | Reve111

#edchatie I think the ease of adding written notes to paperbooks shouldn't be overlooked. Sure it's possible on ebooks but a little clunky.

06-Jun-11 19:44 | paudiescanlon

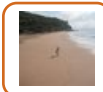

@levdavidovic #edchatie Parents pay, same as the IPAD project

06-Jun-11 19:43 | conpower

#edchatie MS had planned to release a product called semblo which had potential for frame for digital textbook but has dropped off radar

06-Jun-11 19:43 | johnmayo

#edchatie I thought adv of ebooks is port/storability & instant grafification 4 purchasing. What can it offer classroom based ed exactly?

06-Jun-11 19:43 | crumphelen

@MoloneyKing #edchatie Netbook are a better option a present for a number of reasons

06-Jun-11 19:43 | conpower

#edchatie. Mary Clare here. Second level science & maths. Presently working with Jcsp.

06-Jun-11 19:43 | higma

@sharpeg1 Amen to that! Is it because it's a safety net (teaching the way we were taught?) #edchatie

06-Jun-11 19:43 | fboss

#edchatie @IanFleming1 think there must be happy medium. I use the book but try not to be completely dependent on them

06-Jun-11 19:43 | mariefarren

@levdavidovic #edchatie Our students have laptops anyway so its not that big a move for us

06-Jun-11 19:42 | conpower

#edchatie price could be big factor - just look at drop in price for new Mac Lion - only available online, no DVDs, etc.

06-Jun-11 19:42 | flynttommy

@conpower #edchatie I cannot wait for this, wonder how long off, wld be interested 2 no bout d school in Mayo(?) with the I pads and no books.

06-Jun-11 19:42 | MoloneyKing

#edchatie Means from an IT point of view you are dealing with various applications some work on PC/Android/Ios/OSX and some don't

06-Jun-11 19:42 | conpower

@fboss #edchatie updating is slow to happen - in business updating can be weekly or monthly!

06-Jun-11 19:42 | treezadcu

@evelynoconnor oh, you're in the OTHER school then? ;) #edchatie

06-Jun-11 19:42 | donenda

@conpower how are you switching to ebooks from school rental scheme, I'm interested #edchatie

06-Jun-11 19:42 | levdavidovic

I'm all for opensource (I really am!) BUT opensource can have a bumpy trajectory for education #edchatie

06-Jun-11 19:41 | donenda

#edchatie There should be an agreed platform but there is not. Publishers all have their own software

06-Jun-11 19:41 | conpower

@fboss #edchatie but the NCCA don't do a very good job, if PM is anything to go by, and I'm a fan. Specs & syllabi are too vague for Maths

06-Jun-11 19:41 | RobertChaney

#Edchatie @conpower Digital version of a textbook would seem to be the minimum expected. They'd want to have embedded videos and links.

06-Jun-11 19:40 | seomraranga

Also publishers sync any stuff you add which means they're basically improving editions without giving credit IMO #edchatie

06-Jun-11 19:40 | levdaidovic

@IanFleming1 #edchatie definitely, but not easy to move away from it

06-Jun-11 19:40 | NL_84

RT @IanFleming1: @NL_84 are we too dependent on text books as is??? #edchatie >> I think we are - some are not so hot

06-Jun-11 19:40 | treezadcu

#edchatie Digital textbooks are a great idea some publishers already have content online. What will be the incentive for them to put all?

06-Jun-11 19:39 | eiliso

@SabineMcKenna #edchatie No way,...where in Mary I...same here!!

06-Jun-11 19:39 | MoloneyKing

#edchatie anyone ever seen digital text with the HW questions as interactives? With feedback? Might be useful?

06-Jun-11 19:39 | magsamond

RT @IanFleming1: @NL_84 are we too dependent on text books as is??? #edchatie Think we def are

06-Jun-11 19:39 | mariefarren

@IanFleming1 #edchatie think we're prob a long way off getting publishers to produce anything other than simple ebooks

06-Jun-11 19:39 | NL_84

#edchatie evening all.

06-Jun-11 19:39 | dmchugh675

@NL_84 are we too dependent on text books as is??? #edchatie

06-Jun-11 19:39 | IanFleming1

#edchatie there is a discount on the print but problem is Vat is added to ebooks but not textbooks

06-Jun-11 19:39 | conpower

By the way, Fred Boss, art teacher working with NCTE #edchatie

06-Jun-11 19:38 | fboss

RT @jhegarty: #edchatie @conpower open source version sounds good to me

06-Jun-11 19:38 | levdaidovic
