09-Jan-12 20:36 | charltontweets

@simonmlewis It is a little. I was at my 20 yr reunion some of comments from fellows were scathing about some of the teachers . #edchatie

09-Jan-12 20:36 | johnmayo

i think a lot of people who wouldn't have, in another life been a teacher, ended up a teacher & not a fun job if you don't like it #edchatie

09-Jan-12 20:37 | wiamhey

@rozzlewis Indeed it might be and welcome along :-) #edchatie

09-Jan-12 20:38 | fboss

I really think the bad attitude is more about the actual teachers rather than the subjects that were taught #edchatie

09-Jan-12 20:38 | simonmlewis

#edchatie ... However, many parents now marvel at the changes in education, esp primary school, as compared to their experiences.

09-Jan-12 20:44 | peter_lydon

#edchatie Many adults remember the bamboo canes, thick rulers, even horse whips used by teachers as means of enforcing discipline.

09-Jan-12 20:48 | seomraranga

Think some of problem was that people were often ignored even in primary 20 yrs ago if they didn't get it - v negative experience #Edchatie
