@syded06 I've been thinking there's really no way to prevent pupils bringing phones, may as well make them useful. #edchatie

@PetersonJK started this year thinking I would but not so sure now #Edchatie

06-Feb-12 20:55 | pamelaobrien

@catherinecronin #edchatie We allow BYOT. If a student has a non school laptop they pay a connection fee.

@ConnollyTrevor #edchatie first and second yrs. getting them to create revision videos for third yrs! Good revision tool for them too tho.

@stuayres very happy to help with any start up as once you get involved it really does help in many ways #edchatie

06-Feb-12 20:57 | 7MJB

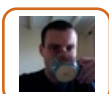

@evelynoconnor Love the revision for the other year angle- gives them the audience, demands a certain standard. Focus on drama? #edchatie

06-Feb-12 20:58 | ConnollyTrevor

@pamelaobrien I'm worried the kids wouldn't do the learning at home part and we would have to waste time in class doing that. #edchatie

@syded06 ah.. maybe not tomorrow, just signed up but it's in private beta. #edchatie

06-Feb-12 20:59 | syded06

#edchatie I believe all teachers should have an online space to post lessons, help etc. It's what we expect from other services.

06-Feb-12 20:59 | dmchugh675

@catherinecronin #edchatie Yes, Ipods and mobiles too. Though mobiles are not allowed during the day at any time- unless for a project etc.

06-Feb-12 20:59 | conpower
